

THE  
*Shape*  
OF WONDER

danielle o'connor akiyama

## Wisdom begins with Wonder.

Guided by interest and built around personal experience, our perceptions are all unique.

This collection was designed in isolation, in a remote part of Ireland.

Delving deeply within, I unearthed story and awakening.

The manifestation of my own wonder and the shape it took has driven this body of work.

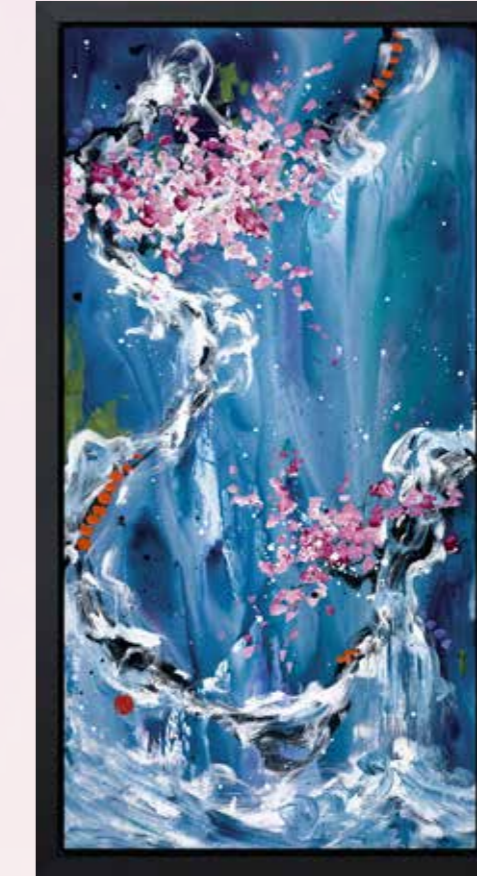

..... I hope you find something that helps build your wisdom within.

In this trio of entrancing canvases, danielle explores a world of abstract beauty with uninhibited vigour and freedom of style, in a vibrant palette of scarlet and gold, magenta and cyan.
